## ILA Extended Care Kits | HFFS Machines

Ilapak has developed a new range of spare part packages, tailored specifically for its packaging machines and customers maintenance needs, to support a regular and planned maintenance during the operating phase of the machine life cycle.

We want to provide our customers with a wide range of original spare part KITS, the expert knowledge of our service technicians and the exclusive competitive edge of a 12 months extended warranty.

### Application

Ilapak HFFS machines:

- Delta 3000
- Year of Construction: 2015/2016

**Please, ask to your Ilapak contact to know if your machines are eligible to this program.**

### Product description

- Bundling of wear and consumable parts for main assembly groups
- Installation performed by a skilled Ilapak Technician included
- Free activation of a 12 months extra warranty coverage on the machine

### Benefits

**ILAPAK SERVICE KNOW-HOW**

**EXTENDED WARRANTY**

#### COST SAVINGS

- Reducing storage and supply chain costs
- Optimized downtime
- Better Pricing

#### TIME SAVINGS

- Pre-assembled parts
- Less time to identify and order spare parts
- Consumables ready on stock

# THE ILAPAK ADVANTAGE

## WHAT YOU NEED, WHEN YOU NEED IT

### Your One-Stop Shop

Our goal is to become your one-stop shop, in order to be considered as your exclusive supplier for all your spare parts need, even including the commercial parts which are normally available on the market. ILAPAK's customers can get the most competitive prices in the market and have a single source for any packaging needs. Our aim is to provide a professional service tailored to your requirements.

#### On-Site Assistance

ILAPAK technicians are locally based and factory-trained. The best in the business, they aim to arrive on site for planned preventative maintenance visits or emergency calls at short notice, to get your line running again in the shortest possible time.

#### Remote Interface Module (Rim)

After entering a user name and password, the main functions of ILAPAK's machines can be monitored, analysed and, in some cases, adjusted online from any Internet-connected computer in the world, enhancing your productivity and dramatically reducing response times.

#### Training Programs

Take advantage of ILAPAK's customised training packages, designed to your exact needs by one of our experienced specialists.

#### Upgrades

Consult with our experts about when you should upgrade your components to meet or surpass your production objectives year after year.

#### Rebuilds

ILAPAK Rebuilds and Pre-owned equipment services provide customers with an alternative to new machine investments by either rebuilding and upgrading customer's existing equipment or by introducing factory supplied approved pre-owned machinery from stock.

## ILAPAK YOUR ONE-STOP SHOP

ILAPAK IS LAUNCHING A NEW COMMERCIAL STRATEGY  
FOCUSED ON A PRICE REPOSITIONING OF THE  
GENUINE SPARE PARTS.
